Provence Bed Frame

Double/King

Up to 1 hours
assembly time

Two person
assembly

V1.0

Important

Assembly Tip

Before you begin, it's best to identify all of the parts and fittings to build your bed frame. We advise laying these out on the floor to check you have everything, and to familiarise yourself with all of the parts and fittings before building.

Top Tip

We recommend that you build your new bed frame in the room you'd like it to be located. This will help prevent any risk of damage to the frame whilst moving it.

Safety and Care

It's important to ensure children and animals are kept away from the assembly area, as there are small components used in this bed frame which could present a choking hazard. All plastic and wrapping materials should also be kept away from children and animals to prevent any risk of suffocation.

Help and Support

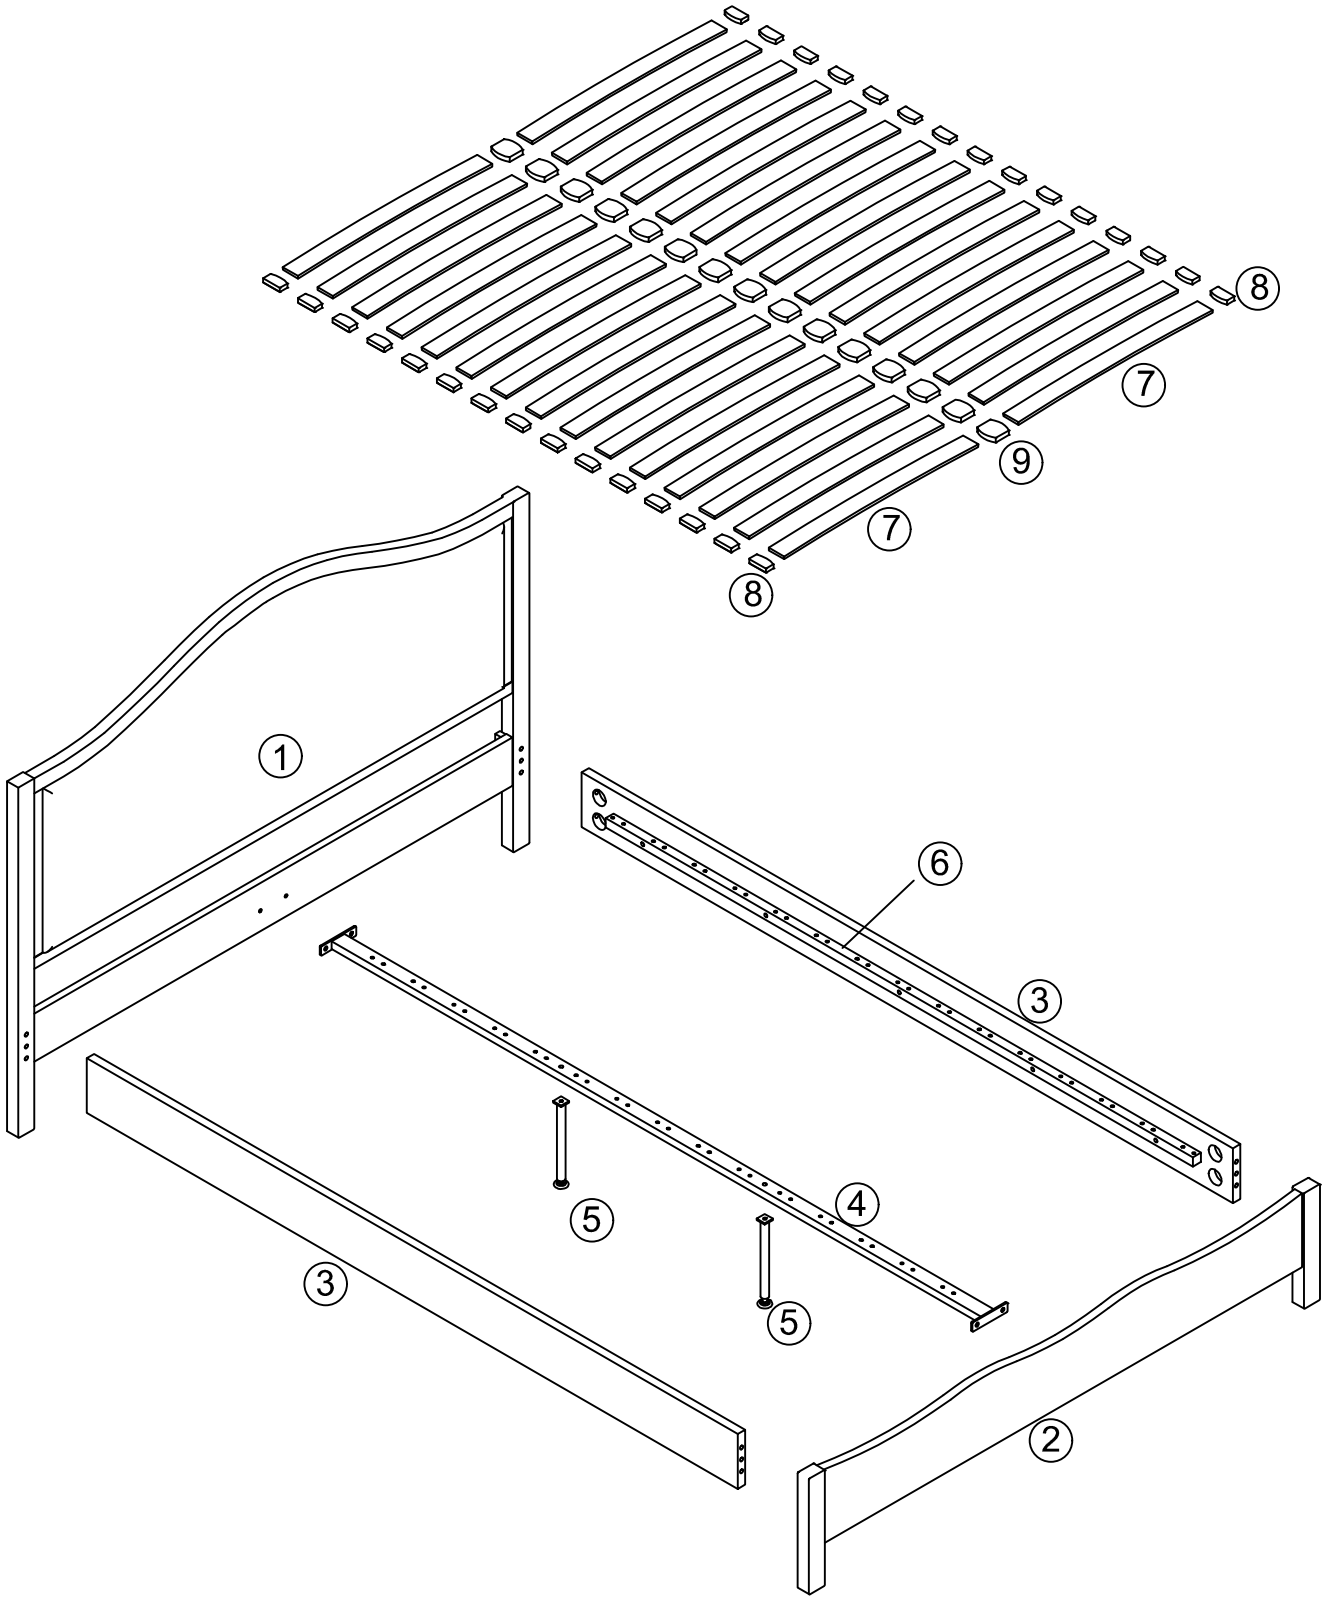

Please contact our customer service team on 0113 519 0311 if you have any questions or issues with your purchase.

Recycling

Please ensure that packaging is disposed of in a safe and environmentally friendly way, and recycle where possible. Please keep your assembly instructions safe to refer back to in the future

Parts

Before you begin building your bed frame, Please take a moment to read through the instructions and make sure that you have all the relevant parts listed on the parts check list.

Care and Maintenance

Here are some good tips to keep your new bed frame in tip-top condition.

Cleaning

To clean your new bed frame, we advise using a damp cloth if the fabric is dusty or a low suction vacuum. Do not use abrasive chemicals or bleach as this may damage the product.

Checking and Moving

Periodically, we recommend you check that the screws and fixtures haven't become loose over time. To move your bed frame, we recommend lifting it where possible, as dragging or pushing it could cause damage to the legs or flooring.

Fabric

Please note, depending on the lighting, positioning and surroundings of your room, the shade of the fabric will appear differently. Over a period of time, the fabric may also lighten or fade slightly due to light exposure.
