Here are some good tips to keep your new ottoman in tip-top condition.

Cleaning:

To clean your new ottoman, we advise using a damp cloth if the fabric is dusty or a low suction vacuum. Do not use abrasive chemicals or bleach as this may damage the product.

Checking and moving:

Periodically, we recommend you check that the screws and fixtures haven't become loose over time. To move your ottoman, we recommend lifting it where possible, as dragging or pushing it could cause damage to the legs or flooring.

Fabric:

Please note, depending on the lighting, positioning and surroundings of your room, the shade of the fabric will appear differently. Over a period of time, the fabric may also lighten or fade slightly due to light exposure.
